

Tracel SP

RECOMMENDED APPLICATION RATES AND TIMINGS

All Crops (Field Grown): 2.5 to 5 kg/ha in 200 litres/ha water (500 to 1,000 litres of water for fruit crops). Repeat applications can be made at 10 to 14 day intervals. Apply as and when required, provided there is adequate leaf cover to intercept the spray. Applications are particularly recommended to ensure adequate nutrient levels during periods of stress or prior to periods of critical requirement, e.g. flowering/fruit set.

Aerial application: Do not exceed a concentration of 1 kg of product per 10 litres of water.

Application by knapsack sprayer: Spray to the point of run off using a dilution of 2.5 g of product per litre of water. Allow 10 to 14 days between applications. Avoid applications during flowering.

DIRECTIONS FOR USE

ALWAYS FOLLOW THESE LABEL INSTRUCTIONS.

Slowly wash through the top filter into the tank three-quarters filled with water, whilst agitating. Top up with water and continue to agitate until spraying is completed.

TANK MIXING/CO-APPLICATION

Read ALL labels carefully and adhere strictly to the instructions for use and advice regarding whether or not product(s) should be co-applied. Many variables, outside the control of Yara, can influence the performance of co-applied products and therefore co-application is entirely at the risk of the end-user. It is strongly recommended that a limited application is made initially when using unfamiliar product mixes. *Before co-application of products you, or your advisor, must visit www.tankmix.com for important information. Alternatively, contact Yara for specific advice.*

PRECAUTIONS

Only to be used on protected crops if specifically listed. Avoid application under extremes of climate, e.g. rapid drying conditions, extremely slow drying conditions, frost, rain, or when frost or rain are anticipated. Wear suitable gloves and face shield when handling this product. Clean all equipment before and after use.

STORAGE

Keep in a cool, dry chemical store, out of reach of children and livestock. *Protect from frost and other climatic extremes. (temperatures exceeding 40°C)*

CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY

Yara warrants that the product within the unopened container conforms to the chemical description on this label. The directions on this label must be followed carefully and are based on tests, believed to be reliable. As the occurrence of unusual weather or soil conditions, and the use of this product, are all beyond the control of Yara, no guarantee, expressed or implied, is made as to the effects of such use or the results obtained, and in no event shall the liability of Yara exceed the price of the product used. The purchaser must assume all risks of storage, use or application of this product. Goods are sold subject to the standard Conditions of Sale of Yara, available on request or at www.yaravita.com. Use of the product implies that the purchaser accepts these Conditions of Sale.
